

## **DO YOU HAVE AN UNWANTED BIKE YOU COULD DONATE?**

**In Britain, millions of bikes are thrown away or lie unused in sheds, whilst many people in Africa have no access to transport of any kind. This lack of transport can cripple a family, hampering work and education opportunities.**

**Please help us to send bikes to Africa**

**Local Rotary Clubs are hoping to donate up to 350 bikes and are raising the funds to pay for their transport.**

**Midwives are using our bikes, children are given them in order to get to school, and health workers are even using them as an ambulance service.**

**If you have an adult bicycle, in usable condition, that you no longer need, please ring us: 01794 322350 or email Tony Forward at [forward@btinternet.com](mailto:forward@btinternet.com)**

**BICYCLES CHANGE LIVES**
